

WEEKLY UPDATE

November 13, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 71 residents and 51 staff members test positive for COVID-19. Since our last positive case on October 27th, we have been conducting weekly antigen testing per CMS guidelines. We are pleased to say that we have had no additional positives in these past two weeks of testing. As long as Williamson County positivity rate stays below 5% we should be able to return to monthly testing.

In addition, since we are 14 days out from any positive cases, we have re-applied to have visitors. We anticipate that we will be approved. If so, we are also planning a Thanksgiving Parade. We will be updating our Facebook page, sending e-mails and making phone calls to all the responsible parties to notify you of the date, time and process.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (512) 334-8000.

Sincerely,

Leah Gage
