

WEEKLY UPDATE

November 13, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 71 residents and 51 staff members test positive for COVID-19. Since our last positive case on October 27th, we have been conducting weekly antigen testing per CMS guidelines. We are pleased to say that we have had no additional positives in these past two weeks of testing. As long as Williamson County positivity rate stays below 5% we should be able to return to monthly testing.

In addition, since we are 14 days out from any positive cases, we have re-applied to have visitors. We anticipate that we will be approved. If so, we are also planning a Thanksgiving Parade. We will be updating our Facebook page, sending e-mails and making phone calls to all the responsible parties to notify you of the date, time and process.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (512) 334-8000.

Sincerely,

Leah Gage

COVID-19 NOTIFICATION

November 17, 2020

Number of additional confirmed COVID-19 cases:

11/15/20: 1

Please continue to check our website for additional updates and information on what we are doing to help prevent further spread of COVID-19 in our facility.

If you have any questions or concerns about this notification, please contact us directly at 512-334-8000.

WEEKLY UPDATE

November 20, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 71 residents and 52 staff members test positive for COVID-19. This past Monday we had an employee call to inform us that he was not feeling well, went to the Emergency Room and tested positive for COVID-19. He had not worked at the facility since Friday. As a result, we tested all staff and all residents. We are pleased to share that there were no positive results from these tests.

We are disappointed that we will not be able to have our Thanksgiving parade or allow visits at this time. Once we have gone 14 days without a positive case, we will re-apply for visitation. We will continue weekly testing of all employees and residents until we go 14 days without a positive case.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (512) 334-8000.

Sincerely,

Leah Gage

Thanksgiving Update

Dear Residents/Families/Friends,

As Thanksgiving quickly approaches this week, we want to take a moment to thank you for your continued support throughout this pandemic. Our facility has faced unprecedented challenges over the last eight months and we appreciate your patience and understanding as we do our best to ensure your loved ones remain safe.

We are extremely grateful that you have entrusted your loved ones to our care and we are making every effort to provide our residents with a wonderful Thanksgiving. And while the recent rise in COVID-19 cases all over the country has affected how we all are celebrating this holiday, our facility will be serving a traditional Thanksgiving meal to our residents and our staff. Our wonderful Activity staff had a special day of Thanksgiving desserts they treated residents to.

Also, as a reminder, visitations for the holiday remain suspended due to the positive staff member that we reported last week. This week we completed another round of testing all residents and staff with no positive cases. With cases on the rise in our county, we anticipate that we will continue with weekly testing for next week.

As a reminder, our total number of cases to date are as follows: 71 residents and 52 staff members have tested positive for COVID-19. Our regular weekly updates will resume next week and we will continue to update you on our website if we receive notifications of new confirmed cases of COVID-19. As always, if you have any questions or concerns please don't hesitate to contact us directly.

On behalf of the entire staff at San Gabriel Rehabilitation & Care Center, I wish you a happy and safe Thanksgiving.

Sincerely,

Leah Gage, LNA

WEEKLY UPDATE

November 6, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 71 residents and 51 staff members test positive for COVID-19. Last week we shared with you that we had one employee test positive with the antigen test and that we were waiting on confirmation from the PCR test. Unfortunately, there was an error with the label and the test was unable to process. Because we are past a window to have an accurate determination, we are counting it as a positive. As a result, we continued with another round of testing for all staff and all residents this week. The good news is that we had no positives.

We are hoping to begin visitation in the very near future. Please keep your eye on the website and Facebook page. We are anxious to connect you with your loved ones. We are also hoping to have a holiday parade in November, so please be watching for more details!

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (512) 334-8000.

Sincerely,

Leah Gage
